

Executive Brief

Childcare Stipend Pilot

Where is the gap?

Target hubs' gap to 7% affordability vary from 6 percentage points to over 10

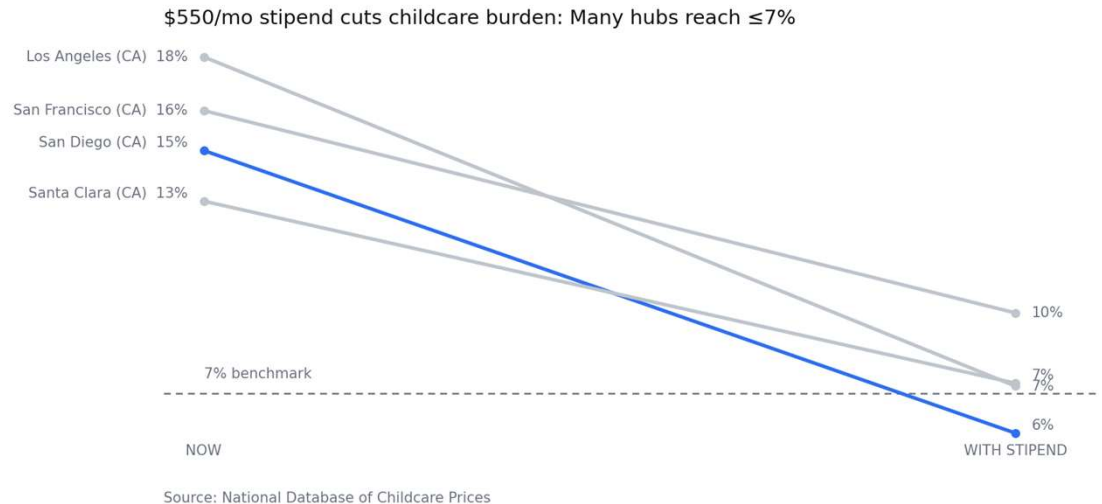

Darker = larger gap above the 7% benchmark

Source: National Database of Childcare Prices

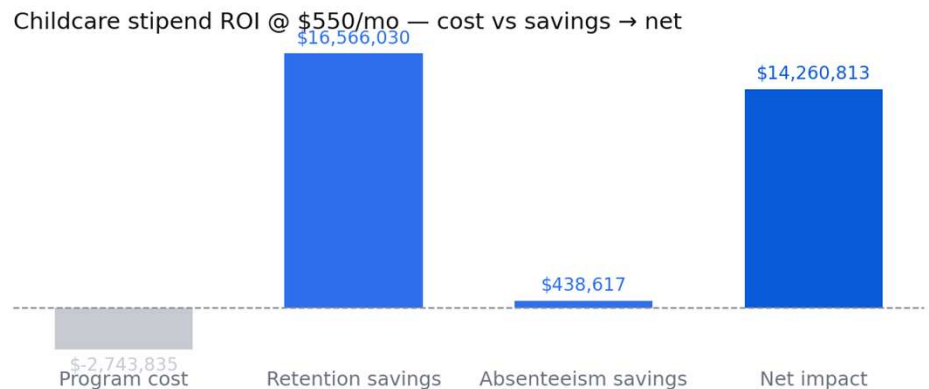

What's the impact to your employees?

At \$550/month, 3 of the 4 hubs drop to a 7% or smaller childcare burden. See that impact in San Diego, CA, where a 15% burden is reduced to just 6% with a stipend in place.

What's the impact to your bottom line?

At \$550/month, retention and absenteeism savings exceed program costs by **over \$14M** annually.
